

# Come to our Energy Café

**Saturday 27 October 1–4pm  
& Thursday 8 November 3–6pm**

**At: WI Hall, Houghton Green Lane,  
Playden, East Sussex TN31 7PL**

**Drop in when you can  
Tea and cake**

**Short presentation at 2.30pm  
Children are welcome**

## **East Sussex companies attending:**

Downs Energy (insulation)  
Chris Bartholemew Electrics (heat pumps)  
ECO NOW (solar PV)  
DH Solar engineering (Solar thermal)  
Bio-energy Technology (wood boilers)

## Find out more about: Home insulation

Save money on bills and stay warm in winter! Talk to the experts. See what offers are out there. Find out about the 'Green Deal'.

## Community energy projects

How you can help local schools and village halls generate energy and income for the whole community.

## New energy generation and heating systems

**The latest innovations... Demonstrations (solar PV, solar thermal systems, wood boiler, heat pumps – air source and ground source). Your questions answered.**

## **Rother Renewable Heat Project**

**WANTED! – at least 15 volunteers without mains gas to pilot energy saving measures in your homes. Grants available. Warmer homes for less money. Arrange a free energy audit of your home.**

**Funded by:** The Department of Energy & Climate Change (DECC) under its Renewable Heat Premium Payment (RHPP) programme.

**Public consultation:** Nick Wates Associates
