

If you could have your say...

How would you redesign the Ore Valley?

the Ore Valley Action
Planning Weekend
12th to 15th September.

Ore Valley Action Planning Weekend

Creating a Vision for the Ore Valley

Action Planning Weekend
12th to 15th September 1997

This is a unique opportunity for you, your friends and neighbours to have your say about plans for the Ore Valley area and help create a vision for the future of the community.

THE CHALLENGE

Over the next few years major changes are planned to take place to regenerate the Ore Valley area, including:

- improvements to housing
- building a new access road
- the development of industrial land to create areas for business and employment
- the creation of a local park

These changes will have a major impact on the area and local people now have an opportunity to make their views known and help create a vision for the area in which they live.

PLANNING FOR THE FUTURE

The Action Planning Weekend will bring together all sections of the community and others with an interest in the area: residents, employers, local council representatives and officers, the Police, professionals and local voluntary organisations. It will be facilitated by a multidisciplinary team which will draw up a report during the weekend making recommendations for action.

The event will consist of a series of action planning workshops looking at all aspects of life in the Ore Valley. It will provide a chance for everyone to share their views and work together to identify the best ways of improving the quality of life in the area.
